

Workshops & Webinars

Spark curiosity and deepen expertise with professional learning that explores effective practices, collaborative pedagogy, and tools for student success.

Overview

Advance your institution's strategic goals through open education. Our engaging, customizable workshops and webinars offer both introductory and in-depth learning about open educational resources, open pedagogy, leadership, sustainability, and content creation.

Build your own workshop or online webinar series tailored to your organizational goals. In-person facilitation available on request!

...and more!

"Rebus' webinar series helped the University System of Maryland's Kirwan Center for Academic Innovation engage faculty and librarians across the state of Maryland. Each session was illustrative, informative, and impactful. The series introduced attendees to new ways of adopting open education principles."
